

In this issue:

- Subliminal impact with Security-FX™
- Using metallics in the background of product shots
- Adding impact by integrating Dimensional-FX™

DIGITAL PRINT THAT POPS

“Create user interaction within your digital print by adding multiple metallic colors to your design
I.C Metallics, Designer Weekly

DAZZLING

“I was surprised at how easy it was to produce hundreds of dazzling metallics colors and effects”
Sue Denim, PrintFX Magazine
